

Your trusted partner of choice for pre-filled syringe success

Pre-filled syringes have been around for decades but in recent years, they have become an increasingly attractive choice for medical professionals as they are easy to use and help eliminate dosing errors when compared to traditional vials.

At Pfizer CentreOne, we are in a unique position to offer you Pfizer's experience in the development and commercial manufacture of pre-filled syringes.

We've walked in your shoes and understand many of the challenges you face. Pfizer CentreOne, the trusted CDMO partner of choice for many customers.
